### **2018 Year 12 completers survey**

Post-school destinations of Year 12 completers from 2017

## **St Francis' College**

**Queensland  
Government**

## Introduction

This report is to inform the school community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2017 at a State, Catholic or Independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the school cohort's destinations.

### Find out more

For more information on the survey, including regional and statewide reports, visit the *Next Step* website [www.qld.gov.au/nextstep](http://www.qld.gov.au/nextstep). Regional and statewide reports will be available from October 2018.

## Survey response rate

**62.3%** (43 out of 69 Year 12 completers)

Increased by 13.4 percentage points since 2014.

*Results may not be representative of all Year 12 completers at this school.*

### Response rate over time

### School's response rate compared with region and state

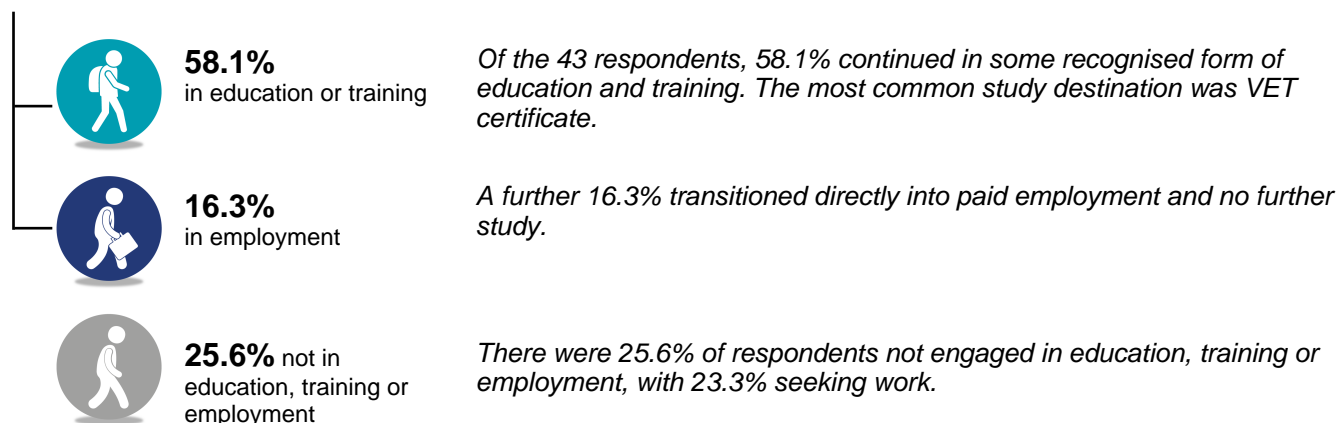

## Post-school engagement

Year 12 completers from St Francis' College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

### Engagement in education, training or employment

**74.4%** engaged in education, training or employment

### Engagement in education, training or employment over time

Decreased by 7.0 percentage points since 2014

### How does your school compare?

## Main Destination

Post-school destinations of survey respondents from St Francis' College in 2018.

All Year 12 completers were assigned to a main destination. This categorisation system prioritises education-related destinations over other destinations. For example Year 12 completers who were both studying and working are reported as studying for their main destination.

No respondents deferred a tertiary offer.
