Tomorrow is the anniversary of the naming of St Francis of Assisi as the Patron of Ecology.

Small yet strong in the love of God, like St Francis of Assisi, all of us, as Christians, are called to watch over and protect the fragile world in which we live, and all its peoples.

(Pope Francis)

St Francis not only recognised God’s work in creation, he also experienced God in creation. He inspires in all of us participation in our contemporary society to create a more sustainable society.

We have three values we endeavour to live at St Francis College: Respect for Self Respect for Others Respect for the Environment

Our school rules spring from these values. Imagine how perfect our world would be if we all followed these three values.

We pray for St Francis’ guidance as we try to practice these values and we endeavour to be good stewards of our environment.

The Year 12 Graduation on Friday evening was a fitting farewell to our gorgeous girls and beautiful boys of 2014. There was sadness, hope and optimism as we farewelled amazing young people who have contributed much to St Francis College and no doubt will continue to contribute to community.

On Thursday evening we had fun at the Prep -6 Christmas concert. How talented are our students and staff? Thank you to everyone for such an entertaining and heart warming evening.

Exciting news! The Australian government has approved an Australian Government Capital Grant to St Francis College in 2015 to refurbish the manual and industrial arts areas and to construct a court and project room. We have had incredible upgrades to our facilities over the last few years funded by the Australian government. We are grateful for this support.

This will be the last newsletter for the 2014 year. I would like to take this opportunity to farewell staff members who are leaving us for new challenges. Sadly we are saying good bye to Mr Paul Blinkhoff, Mr Jarrod Biggs, Mr Ben Bruggemann, Mrs Candice Cartwright, Mr Mark Davidson, Ms Renata De Monte, Mrs Megan Geaney, Ms Naomi Lindeberg, Mrs Jeanette Maxwell, Mr Scott McDonald and Mrs Donna Sanders. We wish these staff well as they embark on new challenges and thank them sincerely for their contribution to St Francis College. We are also saying a temporary farewell (for one year) to Mrs Nella Rizzo and Mrs Joanna Pearson as they take some leave to be with family.

I would also like to give a big thank you to our volunteers Margaret Jacques, Jo Shields and Mavis Fisher for wrapping the Prep - 6 Christmas Gifts.

The season of Advent begins next Sunday. In the words of our Executive Director Pam Betts:

In the mad rush of the end of the school year and the lead up to Christmas it is always a challenge to heed the call of Advent to slow down, to wait in anticipation for the birth of the Christ child. The season is rich in imagery and expectation. In the coming weeks let’s find some time to reflect on the infinite possibilities that this beautiful season of the Church promises us.

I hope you have a Happy and Holy Christmas.

Tricia, Paul and Les
Dear Parents and Caregivers

It is an exciting time as we finish the 2014 school year and prepare for the 2015 school year. We spoke at the Information evenings and enrolment interviews about the College BYOD Programs for 2015 for Years 7-9. From the start of 2015, students from Years 7 to 9 will need to bring their own device to school as part of their normal toolkit in order to access the internet, printers and school portal, including a learning management system operated by Brisbane Catholic Education.

In order to assist parents and caregivers in making a decision around which device to purchase, St Francis College has put together some examples through Catholic Church Resources and Dell which will be available on the College website by the end of the school year for your consideration. The suggestions provided by Dell and Apple (through Catholic Church Resources) are just examples of what are on offer, but the final choice on which product to purchase is a decision for each individual family. There are a number of providers in the market place that supply laptops and iPads and we encourage you to explore all options and prices that best suit your budget.

We ask that the device has a reasonable size memory both in hard drive and RAM. It must also have a keyboard and a reasonable size monitor/screen. The device must also have Microsoft Office Software or the Apple equivalent as a starting point.

Please consider insurance and warranty as the College will not be providing this cover as part of the College insurance policy, nor will the College be able to support any warranty or break down issues that occur. (Please note that the examples we have provided on the website as an option do have warranty and insurance and thus are more expensive). We would like to stress again, however, that parents have choice in this matter.

If you have any concerns regarding the BYOD Program, please do not hesitate to contact the office.

Yours faithfully

Les Conroy
Head of Secondary

KEY ISSUE 4
Support for vocational education and training in schools (VETiS)

The Queensland Catholic sector is strongly supportive of the benefits of VET programs in schools.

The provision of VET programs delivers multiple pathways for students as they transition to employment or further training.

The Catholic sector also believes that students benefit from the broader educational opportunities, support and guidance that is offered in the Catholic school context.

Skills training programs offered within Queensland Catholic education are designed to provide engaging curriculum offerings for the wide variety of student needs, and in addition address the workforce requirements of employers.

The Catholic sector has welcomed the State Government’s formation of a Queensland cross-sectoral VETiS Working Group, providing a forum to collaboratively advance issues in this area.

The Catholic sector is seeking a commitment from the next Queensland Government to:

- provide ongoing support for VETiS programs that recognise the challenges of VET delivery in diverse school settings and communities
- develop new strategies and programs to assist successful school-employer engagement
- provide indexation of funding to the Catholic sector to support school-based apprenticeships and traineeships. This has been fixed at around $866,000 since 2009.
KEY ISSUE 5
Greater investment in parent engagement strategies

Research shows that the engagement of parents in their children’s learning is a key driver of successful educational outcomes for students.

In particular, research indicates that the first three years of life have the most impact on a child’s brain development and future health and wellbeing. For optimum development, a child needs loving relationships and a stimulating environment in which to interact, play and learn.

These early years of parent engagement ensure that children are ready to learn when they reach the Preparatory year and provide vital foundations for successful learning during their school years.

The Catholic sector is seeking a commitment from the next Queensland Government to:

• work collaboratively to support strategies to enhance parent engagement across all Queensland schools

• provide $250,000 in funding to enable the Catholic sector to roll out its recently developed framework for parent engagement, including a bank of resources and standards that enable schools to measure their success

• collaboratively devise and support a program of research and planning to further connect schools and playgroups and assist parents with the necessary tools in the vital first three years.
Reading your child's report

Reports can mean anxious times for children. Will my parents be disappointed or proud? This is the main concern of most children.

Could try harder... always does her best... lacks concentration... easily distracted... a pleasure to teach... Do these comments, taken from a batch of student reports sound familiar?

Student reports bring mixed feelings for parents. Pleasure and pride if they are performing well but considerable angst when children are not progressing as you hoped.

Reports can mean anxious times for children too. Will my parents be disappointed or proud? This is the main concern of most children. Kids of all ages take their cues from their parents, so your reaction to the school report can affect the way they see themselves as learners and as people.

Before you rip open the sealed envelope containing the report do a little self-check to see if you are in the right frame of mind:

1. Are your expectations for your son or daughter realistic and in line with their ability?

Expectations are tricky. If they are too high then kids can be turned off learning. Too low and there is nothing to strive for. Pitch your expectations in line with your child’s abilities. A quick check of your child’s test report cards may provide you with a good yardstick.

2. Do you believe that children learn at different rates?

There are slow bloomers, late developers and steady-as-you-go kids in every classroom, so avoid comparing your child to siblings, your friend’s children and even yourself if you were a child. Instead look for individual progress.

3. Are you willing to safeguard your child’s self-esteem rather than deflate it?

Self-esteem is a pre-requisite for learning, to be prepared to be as positive and encouraging as possible. School reports come in different formats. Some are descriptive writeups while some use grading systems such as A, B, C, etc. with room for teacher comments. Regardless of the format, school reports should provide you with an idea of your child’s progress in all subject areas, their attitude and social development.

Here are some ideas to consider when you open your child’s report:

Focus on strengths. Do you look for strengths or weaknesses first? The challenge is to focus on strengths even if they are not in the traditional 21st century subjects.

Take into account your child’s effort and attitude to learning. The report indicates that effort is below standard, then you have something to work on. If your child is putting in the required effort, then you can not ask any more than that, regard less of the grading.

Broaden your focus away from academic performance to form a picture of your child’s progress as a member of a social setting. How your child gets along with his or her peers will influence his happiness and well-being, as well as give an indication of his future. The skills of independence and cooperation are highly valued by employers so don’t dismiss these as unimportant.

Take note of student self-assessment. Kids are generally very honest and will give a realistic assessment of their progress. They are generally very perceptive, so take note of their opinions.

Discuss the report with your son or daughter. Talking about strengths first before looking at areas that need improvement. Ask for their opinion about how they performed and discuss their concerns.

After reports are read and discussed, celebrate your child’s efforts with a special activity or treat. In this way you will recognize progress and remind them that the holidays are just around the corner when they can forget about assessment, tests and reports for a while.

School Fee Update
Following a review of our Fees and Levies, we wish to advise our parents and caregivers that there has been a small rise of 1.5% to our School fees. Activity and Technology Levies will remain unchanged. This increase is below the current inflation rate of 5% and should be seen in light of that St Francis has not increased fees or levies since 2007. There has been over time a restructure of fees and levies and this will continue in 2015 with the Capital levy reducing to $100 from $123 and the P & F Levy (renamed to Friends of St Francis – Parent Community Group) reducing to $30 from $33. Both levies will be a per student charge. All fees and levies are ‘per term’ and will be charged on each student enrolled. The new fees will be posted onto our Web site shortly for viewing, or you can request a copy from the School Office should you so desire. We wish to confirm that parents or caregivers who are concerned about the payment of their fees account should contact the College immediately to discuss their situation and the options available to them.

News from the Library

Chess Champs
Our P-6 Term 4 Chess Challenge came to an exciting finish last week. The six finalists pictured (Petelo absent) Pailin Wongsarikit, Jasper Calicdan, Kobi Ravenscroft, Lachlan Mikeleit and Shivaun Haua were involved in some tense games where they had to use all their favourite strategic moves to win. The whole tournament was played in great spirit in an atmosphere of friendship and fun. Congratulations to all those who participated and well done to the winner, Pailin and Petelo who was runner-up.

John Roberts - Teacher/Librarian
Congratulations! to the winners of the Positive Behaviour Support System. The lucky students winning the movie tickets are:

We had a large number of students who were entered into the draw and hopefully those students have received a certificate in the mail.

To be eligible for the draw all the students need to do is wear their full day uniform with pride, bring their diary and laptop to PC class each day and be on time. Remember that school starts at 8:45am.

In year 9 we also run a uniform competition between the four different PC classes to see who has the least number of students out of uniform each term. The winner was **Wimulli** and they will be rewarded with a pizza lunch. Well done and I hope you enjoy your lunch.

It has come to the end of the year and on behalf of the PC staff and myself, I would like to wish all the Year 9s and their families a Merry Christmas and a safe and happy new year. It has been a pleasure working with the wonderful students of Year 9.

---

**QISSN 2015**

Plans and training have started for QISSN 2015! Bunnings BBQs and other fundraising ideas are in progress. We are off to Boondall next year so a little closer to home however we still need fundraising assistance. If you can help with fundraising ideas or sponsorship please contact me through the school office.

---

**GOOD BYE!**

It is with sadness that the HPE and Sport Department say their good byes to Mr Ben Bruggemann and Mr Jarrod Biggs who are moving on from SFC. We thank them for their wonderful contribution to sport at SFC. We wish Mr Bruggemann luck with his new business and Mr Biggs luck with his new teaching position.

---

**2014 ACHIEVEMENTS**

It has been a fantastic year in sport and we have achieved so much. From our best result in the Confraternity and QISSN Competition to our SECA results and Rugby Union we are showing the community and the wider public that we can achieve great things. We have had a number of students achieve places in district sporting teams, SECA success and a wonderful array of teams playing the sport they love. Congratulations to all students who played sport at some stage in 2014 - the Futsal team, Netball teams, Rugby League teams, Rugby Union teams, Basketball teams and all SECA teams. A big thank you to all parents and guardians for your support and to the teachers and coaches who selflessly gave up their time to coach and mentor these students. We look forward to 2015 and ultimately achieving better results than 2014!
Week 8!

It’s hard to believe we are now so close to the end of another school year – and what an amazing year it has been for our St. Francis Community!! It has certainly been a year where we have ‘been seen’ in so many areas.

We look forward to 2015 – the official year of Year 7 to Secondary transition. Having now had two years’ experience in this, we are well prepared for this significant development in Queensland’s education system.

This coming Sunday we celebrate the beginning of Advent. Advent is a time of preparation for Christmas. The word advent comes from the Latin adventus meaning coming: we wait and watch for the arrival of Christ.

This will be our last Middle Years insert for 2014, so I would like to thank all parents and caregivers for their support over the year and wish you and your families a very Happy and Peace-filled Christmas and a wonderfully blessed beginning to 2015!

**COURAGE TO CARE**

By Joshua Lucas

Courage to Care is all about telling people and inspiring them to care for others and to have the courage to stick up for people getting bullied. A great example of this is the Holocaust, and when we went, the Courage to Care people got actual survivors of the Holocaust to come in and share their stories. We got to meet them in person, not to mention the whole exhibition with artefacts of the horrible event in which nobody had the courage to care for the targeted people. In my opinion, this was a very unique opportunity.

**Words of Gratitude from Year Seven students:**

‘I am grateful for my teachers because……. They push me and improve my results.’(Noah)…….. They help me to achieve my best.’(Kaitlyn)……..She taught me new things and has helped me through a lot.’(Matthew) ……..They gave me a year of fun.’(Riley)……….. They teach me though I can be a wise guy in class they want to teach me.’(Lachlan)…………They teach me and they also give me good marks and they are nice.’(Blair)

Some Year Sevens reflect on their first year in High School: (Part 2)

I have met a lot of new friends that are really nice in Grade 7. You get a lot more work and the teachers are strict. (Ben Clancy)

I am liking year seven more now than what I did at the start of the year. (Shania Saunders)

There are changes like wearing the right uniform, getting your diary signed and handing in assessment on time. (Blair Walshaw)

There were a few changes like the tuckshop, having different class-rooms, going to electives and having different teachers. (Lilly Tobin)

GROWTH MINDSET
Ritual is the way you carry the presence of the sacred. Ritual is the spark that must not go out!
Christina Baldwin

Rituals are very important to human beings as a way of bringing people together to strengthen their shared connection. Graduation and leaving ceremonies are full of ritual and at St Francis College, our end of year ceremonies reflect our deep and rich spirituality. The graduation of Year 12s and Year 6s are important rites of passage for students and mark for them very important milestones in their education and life journey.

On Wednesday last week, the Year 12s began their leaving ritual with a reflection day. Led by John Slattery, Leo Hoponoa, Sefo and Wong Kee, the students relived memories, affirmed one another and in a beautiful ritual, washed the hands of those they wanted to encourage, affirm or apologise to.

Thursday began with a guard of honour, bringing together the entire school to honour the year 12s and wish them well as they processed up the hill one last time. The ceremony in the Pavilion included a handing over of leadership with the symbolic action of furling the school banner by the year 12 leaders, to be unfurled in 2015 by the new leaders.

On Friday, in the final leaving ceremony the Year 12s were told in the Gospel of Matthew; “You are the light of the world….Let your light shine before others” before praying the St Francis prayer together; “Lord, make me an instrument of your peace”. The symbolic final roll call by Year 12 PC teachers and year coordinator reminded students of who they are and where they have belonged before being sent out with the blessing:
May you go into the night blessed, sheltered and protected…and realise the richness of the gifts you bring to the world.

Next Wednesday, it will be the Year 6’s turn as they mark the important transition from primary to secondary school. They have their annual Rite of Passage ritual marking the culmination of for many, 7 years of formal schooling. During their reflection day they celebrated their leadership over the year and prepared themselves for the challenges ahead. 2014 truly was their year to be seen and the children look forward to a future of endless possibilities and epiphanies.

On Saturday 29 November this year we celebrate 35 years since St Francis was named Patron of Ecology by Pope John Paul II. St Francis not only recognised God’s work in creation, he also experienced God in creation. He inspires in all of us participation in our contemporary society to create a more sustainable society.

Finally, Sunday 30th marks the beginning of Advent in the Christian liturgical calendar. Advent is the four week preparation and waiting time for Christmas. It is hoped that at a time when the consumerism of Christmas can dominate that we all can take some time to reflect on 2014 and plan for a peaceful and blessed 2015.

Thank you for your support in 2014. Many blessings for a safe and peaceful holiday.

Cathy Barrett (APRE 6-12) and Rob Canning (APRE P-9)
We have almost come to the end of another exciting year at St Francis College. Today the year 10 Horticultural Science/ITD students harvested our cos lettuce crop for our first delivery to the College Tuckshop. The students have spent this term learning about how to manage and care for their vegetable plant beds. This has been an important unit for the students, as they have learned to propagate, sow, protect and care for the vegetable plants. The year 10 Horticultural Science/ITD class have planted an array of different vegetables, such as cos lettuce, cucumber, beetroot, zucchini and different herbs. The “Garden to Plate” program has been a valuable program, that not only teaches the student’s about land management, but also important life skills.

Mr Jim Boucher (ITD Teacher) and
Mr Neil Murphy
(Science Coordinator)

FROM THE CAREERS CENTRE

NEW COURSES AT UNIVERSITY OF SUNSHINE COAST
As a young university, USC is growing. They are introducing a variety of new degrees in 2015, to complement more than 100 existing programs.

New programs available to study from Semester 1, 2015:
- Bachelor of Animal Ecology
- Bachelor of Business (Supply Chain Management)
- Bachelor of Criminology and Justice
- Bachelor of Design and Marketing
- Bachelor of Education (Primary) – graduate entry
- Bachelor of Engineering (Civil) (Honours) / Bachelor of Environmental Science
- Bachelor of Health and Community Care Management
- Bachelor of Health Science (Applied Environmental Health)
- Bachelor of Health Science (Applied Health Promotion)
- Bachelor of Health Science (Epidemiology and Public Health)
- Bachelor of Health Science (Health Communication)
- Bachelor of Laws / Bachelor of Commerce (Financial Planning)
- Bachelor of Laws / Bachelor of Property Economics and Development
- Bachelor of Psychology (Honours)
- Diploma in Languages
- Graduate Diploma in Psychology
- Master of International Development
- Master of Professional Psychology

ONLINE STUDY/LEARNING RESOURCES
All universities provide study skill assistance to their students. This assistance can be in the form of workshops or online resources. The following are a selection of university online study resources:
- AllPort (Academic Interactive Resources Portal) is an e-learning resource preparing for university study. It can be accessed at https://airport.unimelb.edu.au/.
- Study Smarter online resources can be found on the James Cook University’s current student website at http://www.jcu.edu.au/student/JCU_128494.html.
- Griffith University’s Study Smart website at http://app.griffith.edu.au/study-smart/ provides study skill strategies to help you succeed at university.
- QUT’s Study Smart tutorial at http://studysmart.library.qut.edu.au/.
- Online Learning Workshops can be found on the University of Queensland’s website at http://www.uq.edu.au/student-services/learning/online-workshops.

SCHOOL VERSUS UNI
- What Degree? Which University?” website http://www.whatdegreewhichuniversity.com/
- Other websites that provide you with information about university study and lifestyle are: Australian Catholic University – guide http://www.acu.edu.au/337381
- Queensland University of Technology – https://www.qut.edu.au/study/undergraduate-study/considering-university-basics

University of Southern Queensland – http://www.usq.edu.au/study/high-school-students/life

General tips for a successful transition from school to university:
- Familiarise yourself with the campus before the semester starts.
- Attend Orientation week events. This is where you find out about the student support services available at your university.
- Identify any study skills you need to polish up on and book into a workshop.
- Register with your university’s disability services if relevant.
- See the university’s financial or counselling services if you are worried about money or you have other concerns.
- Find students in the same course and attend student run activities.
- Visit the library (virtual and physical) and attend workshops on how to use the library effectively.
- Attend all tutorials.
- Don’t be afraid to ask for help.
